The Asian Studies program provides undergraduates an opportunity to acquire a systematic knowledge of East Asia, Southeast Asia, and South Asia. The program focuses on the rich historical and cultural heritage of the countries of Asia, as well as their growing importance in world affairs.

The overall program is administered by the Asian Studies Committee, an interdisciplinary body of faculty with special interests in the region. This committee oversees both the formal academic work within the program as well as extracurricular activities. It also cooperates with the Asian Cultural Society and other student organizations involved in Asian Studies.

The courses listed are regularly offered in the program and new ones are currently under development in several subject areas. (Consult the Schedule of Classes for specific offerings in any particular semester.)

Courses offered at other LVAIC institutions may be taken for credit by Lehigh students. Students are encouraged to participate in a variety of extracurricular activities that are offered by the Asian Studies Program, such as special lectures and seminars, films, performances, and exhibits.

MAJOR IN ASIAN STUDIES

The Asian Studies major is designed to accomplish three goals: to ground the student in a regional language and culture, to survey various disciplines in Asian Studies more broadly, and to provide advanced research opportunities. The program, when successfully completed, prepares the student for further graduate work, professional education, or employment in the public or private sector. There is an increasing demand for graduates who combine a major in a disciplinary field (e.g., business, economics, international relations) with a second major (or minor) in Asian Studies, including Chinese or Japanese language competence.

The major in Asian Studies requires a minimum of 35 credits. Students are required to demonstrate the intermediate language proficiency (Intermediate II) in an Asian language in addition to required course work as described below. The academic advisor is the director of the Asian Studies Program. Students may also request an advisor from among the Asian Studies faculty.

Core Requirements

Intermediate language proficiency

Humans and Social Science

Six courses (minimum 24 credits) from the Humanities/Social Sciences course list or other courses approved by the Asian Studies program director, minimum one course must be at 300 level, one course may be an advanced Asian language course.

Study Abroad

Capstone Project. Students are required to exhibit using primary source of materials under supervision of faculty member.

Pre-thesis (spring) 4
Senior thesis (fall) 4
Total Credits 35-36

1 Other suitable courses at LVAIC or other approved institutions in the United States or courses in approved study abroad programs in Asia may be substituted with the Director’s approval.

2 Courses in Chinese, Japanese or other Asian language may apply as program electives with approval of the Program Director.

3 If study abroad is difficult academically or financially, other arrangements can be made upon major advisor’s approval.

MINOR IN ASIAN STUDIES

The minor in Asian Studies is intended to complement a student’s major field of study and it is flexible according to individual needs. Students are free to survey the field broadly or concentrate in a specific area such as Chinese or Japanese studies. The minor comprises a minimum of 4 courses (16 credits) in Asian studies, chosen from an approved list in consultation with the director of the Asian Studies Program.

While students minoring in Asian Studies are encouraged to study languages, only 8 credits of language study count towards the Asian Studies minor. Students interested only in language study are encouraged to minor in Chinese or Japanese language (see MLL (http://catalog.lehigh.edu/coursesprogramsandcurricula/ artsandsciences/modernlanguagesandliteratures)).

HUMANITIES and SOCIAL SCIENCES COURSES

Each semester, a complete list of Asian Studies course offerings can be found on the web site or available in the Office of Interdisciplinary Programs, Williams Hall, Suite 101.
