Entrepreneurship-related programs and activities are university-wide, and coordinated by the Baker Institute for Entrepreneurship, Creativity and Innovation. Entrepreneurship curriculum is overseen by a joint committee of faculty from CBE, CAS and RCEAS.

**MINOR IN ENTREPRENEURSHIP**

Open to all undergraduate students, from any major. The purpose is to enable students in any major to supplement their major with a creative entrepreneurial mindset and skills that increase their ability to identify opportunities for innovation, to challenge the status quo in any field, and to implement sustainable change, whether in emerging or established companies or non-profit enterprises. The program is designed to be accessible to students from all disciplines with an emphasis upon innovation, entrepreneurial thinking and creative processes, cross-functional integration, and hands-on experiential practice. The minor leverages the resources and support of the Baker Institute for Entrepreneurship, Creativity, and Innovation, as well as a broad array of related programs and infrastructure across the university.

We encourage participation by those interested in all types of entrepreneurship, including business and technical entrepreneurship but also not-for-profit contexts aiming for social, cultural and environmental change. Throughout the multi-disciplinary, team-based curriculum, students are encouraged to work either on their own entrepreneurial projects, projects related to Lehigh University intellectual property, or on ideas brought in by outside entrepreneurs.

**Recommended Tracks**

Students may select any set of courses that fulfill the minor requirements. However students are encouraged consult with the minor director to design a focused track, such as Technology Entrepreneurship, Social & Non-profit Entrepreneurship, Arts Entrepreneurship, Green Entrepreneurship, Health & Biomedical Entrepreneurship, Service-sector Entrepreneurship, or others. The recommended approach for a focused track begins with the introductory ENTP 101 and closes with in-depth hands-on capstone entrepreneurial experiences, sandwiched around a flexible package of courses selected by each student as needed to foster their particular entrepreneurial interests and goals.

**Requirements**

The minor has a prerequisite of ECO 001 (4 credit hours) and then requires at least 14 credit hours of ENTP and capstone courses.

**Prerequisite Course**

ECO 001 Principles of Economics
