Programs and Majors

Strong programs in business, the humanities, education, arts and sciences, and human services compliment our well-known strength in engineering. Lehigh students can choose from an array of courses and enjoy the resources and facilities of a major research university and the atmosphere and personal attention of a small college.

Undergraduate Academic Majors

- Accounting
- Africana Studies
- Anthropology
- Applied Science
- Architecture
- Art
- Art History
- Asian Studies
- Astronomy
- Astrophysics
- Biochemistry
- Bioengineering
- Biology
- Business Economics
- Business Information Systems
- Chemical Engineering
- Chemistry
- Chinese
- Civil Engineering
- Cognitive Science
- Community and Global Health
- Computer Engineering
- Computer Science
- Design
- Earth and Environmental Sciences
- Economics
- Electrical Engineering
- Engineering Mechanics
- Engineering Physics
- English
- Environmental Engineering
- Environmental Studies
- French and Francophone Studies
- German
- Japanese
- Journalism
- Japanese
- Korean
- Latin American and Latino Studies
- Management
- Marketing
- Materials Science and Engineering
- Mechanical Engineering
- Molecular Biology
- Music
- Music Composition
- Pharmaceutical Chemistry
- Philosophy
- Psychology
- Public Policy
- Pure Mathematics
- Religious Studies
- Sociology
- Sociology and Anthropology
- Spanish
- Spanish and Latin American Studies
- Sustainability Studies
- Theatre
- Theological Studies
- Urban and Environmental Policy
- Urban Planning
- Veterinary Medicine
- Women's and Gender Studies
