Resources for Students

The Student Affairs division is dedicated to fostering student success by providing a balanced, rich and integrated living and learning environment. Virtually every student enrolled is touched by Student Affairs, beginning with orientation through the Office of First-Year Experience, and continuing through programs devoted to leadership development, community service, residential life, activities, academic support, a vibrant campus life and diversity and inclusion programs. Students are supported through the Health and Wellness Center and Counseling and Psychological Services which collectively work to ensure a safe and healthy living environment. HEALTH & WELLNESS CENTER

Lehigh University offers health services to all (matriculating) students at the Health & Wellness Center (HWC) located in Johnson Hall. Health care providers, including nurses, and nurse practitioners and physicians, see patients by appointment Monday to Friday from 8:15-4:45. Our providers are also available for phone consultation after hours and on weekends. The providers at the HWC treat a variety of illnesses, injuries and medical conditions. Gynecologic care is available daily for both preventative care services and treatment. Allergy immunotherapy injections are also administered at the HWC. Many lab tests are run at the HWC and phlebotomy services are available on certain days. Students can be easily referred off campus for x-rays and consultations with medical and surgical specialists. More seriously ill students can be sent to either of our local hospital Emergency Departments.

Incoming students must comply with University immunization requirements. A university sponsored health insurance plan is available which complements the services of the HWC. Families are urged to review their existing insurance coverage and limitations and to consider purchasing the university sponsored plan. Students should carry their insurance cards with them at all times.

Most services performed at the HWC are without charge. For more detailed information about this and other things, please consult our web page at www.lehigh.edu/health (http://www.lehigh.edu/health/).

One function of a college education is to foster the growth and development of the student to prepare for a meaningful and satisfying life after college. Lehigh provides career planning services for undergraduate and graduate students as an integral part of the career development process.

Career planning can best be described as an educational process through which students

1. identify and develop their abilities, aptitudes, and interests;
2. learn the relationship between their capabilities and interests, their university experiences, and professional opportunities outside the university; and
3. prepare for those opportunities.

The office is open throughout the year. The main phone number is (610)-758-3710 and the website is www.lehigh.edu/careerservices (http://www.lehigh.edu/careerservices/).

CENTER FOR COMMUNITY ENGAGEMENT
The Lehigh University Center for Community Engagement (CCE) (http://cce.lehigh.edu/) assists Lehigh’s faculty, staff, and students who are involved with service-learning classes or community-based research projects globally and locally, mobilizes university-community partnerships to address societal challenges, promotes knowledge and research for the common good, and helps cultivate engaged citizens. We are a centralized resource for all community members to support high-quality research, learning, and active citizenship.

The Center for Community Engagement offers a variety of resources from one-on-one consulting to workshops and courses to faculty development and evaluation/assessment support. A number of courses, such as SOAN/HMS 120: Values and Ethics of Community-Engaged Research (http://catalog.lehigh.edu/courselisting/soan/), also offer formalized training in community-engaged research. Finally, the center can be a sounding board in the early stages of any project to ensure reciprocal, ethical, and meaningful experiences for our community and our institution. A yearly community-engaged learning and research symposium is held to highlight exceptional academic learning, community partnerships, and research collaborations.

The Center for Community Engagement is located in Williams Hall 020 and has space for meetings, informal discussion, and computer workstations for those working on community projects. Contact via email at inengage@lehigh.edu or via phone 610-758-1081. The website is accessible at: http://cce.lehigh.edu/.
